## **Doctoral Summer School 2022: Transferable Skills for Early-Career Researchers, 15-16 Sep 2023**

The Doctoral Summer School is organized by the Czech National Library of Technology ([NTK](#)) in collaboration with University of Chemistry and Technology in Prague ([UCT Prague](#)), Czech Association of Doctoral Researchers ([ČAD](#)) and Committee for Doctoral studies under the Student Chamber of the Council of the Higher Education Institutions ([SK RVŠ](#)).

### **Aims**

To enhance your personal and professional skills in three important topic areas:

1. **Open Science**
2. **Career Management**
3. **Healthy Research Culture**

Competencies and skills in these areas are essential for early-career researchers and your career advancements. They are transferable across various sectors helping you to prepare research proposals, building self-awareness of what you want from a career and improving the research environment as well as to be more tolerant to high levels of stress. Additionally, Doctoral Summer School provides valuable networking opportunities with your peers in the Czech Republic.

Training courses are designed and taught by active, experienced researchers and experts.

Each participant will receive a certificate after the completion of the course.

### **Target group**

Early-Career Researchers in the Czech Republic

- **Doctoral candidates** (enrolled in doctoral training programmes)
- **Postdoctoral researchers** (up to 8 years from their PhD)

The working language of the training sessions is English.

### **Participation Fee**

- 1 200 CZK (Early Bird registration until 20 August 2023)

\*The participation fee covers: training materials, meals during the event and attendance in the social programme (Boat cruise on Vltava river).

More information and registration: <https://techlib.cz/u/DSS2023>
